

CSI SERVICES OVERVIEW

Compliance Solutions Inc. provides its clients with a complete suite of services for all their tax and compliance requirements to over 30,000 sales and telecom tax jurisdictions in the United States today.

The ability to offer a single vendor end-to-end solution allows CSI to ensure more accurate reporting which in turn helps reduce our clients tax liabilities and risk of audits.

CSI's professional and highly experienced staff include dedicated research and audit defense teams to provide and maintain client support at the highest industry levels.

In addition, CSI's proprietary systems provide 24x7 online access to our clients' filed returns and reports which also includes a tax lookup tool on a service by zip code.

By providing multiple services to our clients CSI can bundle and deliver more cost effective solutions to reduce their operating costs.
